

Singapore Resuscitation and First Aid Council ACCREDITATION GUIDE for

Basic Cardiac Life Support and Automated External Defibrillation (BCLS+AED)

Cardio Pulmonary Resuscitation and Automated External Defibrillation (CPR+AED)

Training Centre/Instructor-Training Centre (TC/ITC)

Important Notes:

- 1. All existing BCLS TC/ITC will need to be on the BCLS+AED track by 1st June 2019.
- 2. Accredited BCLS+AED TCs will be able to conduct BCLS+AED and CPR(Hands-Only)+AED courses, while accredited CPR+AED TCs are only allowed to conduct CPR(Hands-Only)+AED courses.
- 3. To be an accredited BCLS+AED Instructor Training Centre (ITC), it must be a valid accredited BCLS+AED Provider Training Centre (TC).
- 4. Accredited BCLS+AED ITCs will be able to conduct BCLS+AED Instructor courses, while accredited CPR+AED ITCs will be able to conduct CPR+AED Instructor courses. BCLS+AED Instructors will be able to conduct BCLS+AED and CPR(Hands-Only)+AED courses, while CPR+AED Instructors are only allowed to conduct CPR(Hands-Only)+AED courses.
- 5. CPR(Mouth-To-Mouth)+AED course should no longer be conducted from 1st May 2020.
- 6. CPR(Hands-Only)+AED course will be the default CPR+AED course to be offered by accredited TCs from 1st May 2020.
- 7. CPR+AED Instructor Training Centres (ITCs) will need to revise their materials to cater for the Hands-Only version of the instructor course by 1st May 2020.
- 8. Learners seeking to learn mouth-to-mouth ventilations will be encouraged to enrol for BCLS+AED course.
- Audit Fee: \$\$540.00 (inclusive of 8% GST) per audit, payable upon completion of audit application. Training centre which fails the first audit is required to pay for each subsequent audit. Institutions under SingHealth only need to pay \$\$500 (without GST) due to Group GST Registration.
- Audit fee payment is by bank transfer only https://srfac.sg/public-information/.
 SRFAC will inform to make payment for the audit fee after auditors have been confirmed.
- 11. Audit will not proceed and the accreditation fee forfeited, if:
 - a. the class is cancelled without informing SRFAC at least 1 week in advance
 - b. the class does not start within 30 minutes from the stated commencement time
- 12. There should be at least 3 learners to form a class for the accreditation audit.
- 13. Accreditation validity of 2 years will start from:
 - a. the approval date (for new TC/ITC accreditation); or
 - b. the following calendar day after the current validity expires (for subsequent TC/ITC renewal accreditation)

- 12. Provider TCs will need to provide 1 date when seeking new accreditation and 3 dates for renewal accreditation. ITCs seeking new or renewal accreditation will need to submit 1 date for the audit.
- 13. It is recommended to start the renewal accreditation application 3 months before its expiry. There should be a period of at least 3 weeks from the date of application (based on complete submission of required documents via SRFAC website) to the earliest audit date provided.
- 14. Renewal audit completed after the accreditation status has lapsed, will be backdated to the stated expiry date. Accreditation status is non-transferrable.

Part A – Document Checklist

(visit www.srfac.sg to apply)

No	Decuments veryingd		Voc	No
No.	Documents required		Yes	No
01	Course schedule / Time-table	Apply online or submit hard copy (if files exceed 5MB) to SRFAC		
02	Learner Guide / Training Manual			
03	At least three (3) different sets of theory assessment papers are readily available to be used interchangeably in the course: Minimum of 20 questions for BCLS+AED CPR+AED accreditation track only At least three (3) different sets of theory assessment papers are readily available to be used interchangeably in the course: Minimum of 10 questions for CPR(Hands-Only)+AED			
04	Practical assessment checklists used in the course should cover various scenarios. Practical assessment checklist allows up to three (3) attempts for each learner.			
05	Course feedback is gathered at the end of the course (either paper or online*) and clearly indicates the type of course, date and course reference number.			
06	Up-to-date CVs and copies of relevant certificates of all training staff (Full-time and free-lance/associate) appointed/engaged by Training Centre (up to past two years' records).			
07	BCLS+AED accreditation track only Program Director of the BCLS+AED TC/ITC has a valid BCLS+AED Provider certificate (or higher). CPR+AED accreditation track only Program Director of the CPR+AED TC/ITC has a valid CPR+AED Provider certificate (or higher).			

Part B - Audit Preparation

(For reference and audit preparation - do not send to SRFAC)

No.	Preparation	Notes
01	Record of Learners receiving their Guide/Handbook before	
	the course start date.	
	The following is on display or presented during the course:	
	Health and Safety brief for learners	
	Evacuation exits/routes and assembly area	
	TC/ITC ground rules	
02	TC/ITC contact details	
	Policy on use of mobile devices, photo/video taking	
	during class	
	Course eligibility, certification and appeal (due to	
	dispute of assessment outcome) process	
	Theory and practical content comply with the latest SRFAC	
03	standards and guidelines.	
	TC/ITC adhere to the training ratio of:	
	> 1 Instructor to 1 Manikin to 4 Learners	
04	Chief Instructor* may participate in practical training as an	
	Instructor, if:	
	The class does not exceed to 2 practical groups	
	* Doubling up of Chief Instructor as floor instructor will not be applicable	
	during accreditation audit.	
	For BCLS+AED courses	
	Adult CPR(Mouth-To-Mouth) assessment passing criteria:	
	5 cycles of CPR to be completed within 130 seconds	
	At least 150 chest compressions (compressions	
	more than 150 are not counted as errors)	
	Up to 30 errors allowed:	
	o insufficient recoil	
	 incorrect depth 	
	o improper hand position (within lower sternum but not	
	on the Xiphoid Process or on the ribs) – must be	
	visually verified by Instructor At least 5 ventilations above 400ml	
05	Immediate failure for wrong hand position (outside	
	lower sternum, on Xiphoid Process or on the ribs)	
	visibly outside body of sternum – must be visually	
	verified by Instructor	
	For CPR+AED courses	
	Adult CPR(Hands-Only) assessment passing criteria:	
	Continuous compressions for 120 seconds (timing	
	cut-off at 120 seconds)	
	At least 180 chest compressions (compressions	
	more than 180 are not counted as errors)	
	Up to 30 % errors allowed based on total number of	
	compressions:	
	o insufficient recoil	
	 incorrect depth 	

• •		
	 improper hand position (within lower sternum but not on the Xiphoid Process or on the ribs) – must be visually verified by Instructor Immediate failure for wrong hand position (outside lower sternum, on Xiphoid Process or on the ribs) visibly outside body of sternum – must be visually verified by Instructor AED practical training must focus on safe use and understanding of the protocol: 	
06	 Do not perform chest compressions/CPR while AED is analysing/charging AED analysis – Shock advised – Ensure there is no contact with Casualty when delivering Shock – Continue chest compressions/CPR after Shock delivered AED analysis – No Shock advised – Continue chest compressions/CPR Stop chest compressions/CPR when:	
07	Practice different AED scenarios to expose Learners to different possibilities: Shock - No Shock - No Shock No Shock - Shock - No Shock Shock - Shock - No Shock No Shock - No Shock No Shock - No Shock No Shock - No Shock	
08	A theory and a practical test should be administered at the end of the course in the presence of the Program Director, Chief Instructor or Instructor.	
09	Theory assessment passing mark is set at 80%.	
10	Practical assessment checklist should include one of the AED scenarios listed in point 07 (except the "No Shock - No Shock - No Shock" scenario).	
11	All theory assessment question papers are serialized and secured after every course and must not be in the learner's possession after the course.	
12	Up to three (3) attempts are allowed for each learner – Theory and Practical.	
13	The Assessment forms clearly indicates the type of course, date and Assessor's name.	
14	Course feedback is gathered at the end of the course (either paper or online*) and clearly indicates the type of course, date and Course Reference Number.	

Areas evaluated include: Training Staff's (Instructor and CI) preparation, knowledge, methods, engagement and time management Availability of training materials, content is up to date, equipment is clean, course was conducted ontime and training objectives were met Training Centre's layout, hygiene/safety, refreshment/toilets, lighting, tables and chairs, comfort level Space for further comments *Pleose provide the print version of online feedback form for audit. The TC/ITC has the responsibility to provide appropriate facilities and equipment to facilitate the training: Adequate lighting and ventilation Adequate space for practical session (does not infringe on public areas such as stairwells, corridors, walkways or lobby) Secure storage for assessment papers within the Centre The TC/ITC should have the following to ensure the safety of its staff and learners by providing: Evacuation plan Safety and health briefing Specific manikins are required to be used for practical assessment of one rescuer CPR by 1 st June 2019, as well as Automated External Defibrillator (AED) trainer sets in good working condition to be used during the respective course. *See "SRAC BCLS-AED and CPR-AED Manikin Specification" document The maintenance and disinfection of the manikins should be carried out in accordance to recommendations by the manufacturer. Documentation of disinfection process after each training session, including instructor/staff name, date, items to be replenished or replaced. TC/ITC complies with SRFAC's Instructor and Chief Instructor criteria for initial and continued appointment/engagement. BCLS+AED accreditation track only Program Director of the BCLS+AED TC/ITC has a valid BCLS+AED Provider certificate (or higher). CPR+AED accreditation track only Program Director of the CPR+AED TC/ITC has a valid CPR-AED Provider certificate (or higher).			
knowledge, methods, engagement and time management Availability of training materials, content is up to date, equipment is clean, course was conducted on- time and training objectives were met Training Centre's layout, hygiene/safety, refreshment/toilets, lighting, tables and chairs, comfort level Space for further comments **Please provide the print version of online feedback form for audit.* The TC/ITC has the responsibility to provide appropriate facilities and equipment to facilitate the training: Adequate lighting and ventilation Adequate space for practical session (does not infringe on public areas such as stairwells, corridors, walkways or lobby) Secure storage for assessment papers within the Centre The TC/ITC should have the following to ensure the safety of its staff and learners by providing: Evacuation plan Specific manikins are required to be used for practical assessment of one rescuer CPR by 1st June 2019, as well as Automated External Defibrillator (AED) trainer sets in good working condition to be used during the respective course. See "SRAC BCLS-AED and CPR-AED Manikin Specification" document The maintenance and disinfection of the manikins should be carried out in accordance to recommendations by the manufacturer. Documentation of disinfection process after each training session, including Instructor/staff name, date, items to be replenished or replaced. TC/ITC complies with SRFAC's Instructor and Chief Instructor criteria for initial and continued appointment/engagement. BCLS+AED accreditation track only Program Director of the BCLS-AED TC/ITC has a valid BCLS+AED Provider certificate (or higher). CRR+AED Provider certificate (or higher). Lecuncate validity and senat number/course
reference number
 States "Accredited by the Singapore Resuscitation
and First Aid Council" – logo of SRFAC can be
included
Learners who do not pass BOTH theory AND practical
assessment, should not be issued a Provider certificate. A
Certificate of Attendance (COA) may be issued if the learner
completes the theory lessons and pass the theory test in
the presence of the TC instructor/staff. However, a COA is
subjected to recognition/acceptance by the learner's
employing institution due to age/medical-related
exemptions; and is not equivalent to a Provider certificate.
Provider TC only
Upon completion of the Provider course, Learner's
certificate must be issued within 30 days from the
completion of course. If certificate is not immediately
available, TC should issue a memo to indicate that the
learner has successfully completed the course and is
waiting for the official certificate.
Instructor TC only
Upon completion of the Instructor course and 2
attachments (within 6 months) with an accredited Training
Centre, an Instructor certificate must be issued by the
Instructor Training Centre (ITC) and is valid for 2 years.
Renewal may be done by the respective accredited
Training Centre(s) which engaged the Instructor and
can only be renewed if the Instructor conducts at
least 2 respective Provider courses per year for 2
years before the expiry of the Instructor certificate.
The initial Instructor certificate must be issued
within 30 days from the submission of the
Instructor-Trainee attachment form (after fulfilling 2
attachments) to the Instructor Training Centre (ITC).
Validity of the Instructor certificate will start from
the date of Instructor course completion.
➤ If certificate is not immediately available, ITC should
issue a memo to indicate that the learner has
successfully completed the course and is waiting for
the certificate.
BCLS+AED and CPR+AED Provider certificate is eligible for
renewal/refresher course 3 months before or 3 months

after the stated expiry date. Validity of 2 years will start from: > the stated expiry date OR > date of training	
 the stated expiry date OR date of training 	
OR > date of training	
> date of training	
The following cases will be within the Healthcare	
Institution/TC's discretion for renewal:	
Health Manpower Development Plan (HMDP)	
Overseas studies	
Long hospitalisation/medical/maternity leave or	
equivalent	
Practice of no-grace period if their internal policy	
decides so	
Past 2 years' records of the following documents to be	
shown during renewal audit:	
Attendance lists (with course reference number)	
Learners' Theory and practical assessment papers	
➤ Learners' Evaluation forms	
Record of Issued certificates	
Record of Learner's expiring certificate (to validate	
entry for refresher course)	
Record of disinfection/maintenance of manikins	
Auditors will record the accuracy reference reverbers of the twelvier	
Auditors will record the course reference numbers of the training records of at least six (6) sessions/classes (for TCs) and at least two (2)	
sessions/classes (for ITCs) conducted since the last accreditation audit –	
selected by Auditors and checked on site. Auditors should not be in	
possession of the training records outside of the audit.
